

# CALGARY FOOD BANK

ANNUAL REPORT 2015 - 2016

Where Change Happens

Simon Lau  
Board Chair

# From the Board Chair

If there was a time we needed support from our community, it was this past year. The recession that has been gripping our province is said to be one of the most severe that Alberta has ever endured. That along with the Fort McMurray fire, which forced the largest wildfire evacuation in Alberta History, has increased the demand for emergency food support.

Our success through the past year is because our community has risen to the challenge and stood together to tackle each crisis that we face. I would like to recognize and thank the tens

of thousands of volunteers for donating countless hours to the Calgary Food Bank. I would also like thank all our suppliers and community businesses for donating food and funds when they too are feeling the effects of the economy.

The Calgary Food Bank has been successful for over three decades in keeping up with the demand and will continue to work together with the community to meet the increasing need for emergency food support.

I am very proud to be a part of the Calgary Food Bank and together with our community we will work towards our Vision for a hunger-free community.

# From the CEO

A casserole over the fence. Being a snow angel and shoveling the neighbours walk while you are out doing yours. Sharing your lunch at noon. These are just some of the ways that Calgarians are here for each other, opening their hearts through good times and bad times.

The Food Bank has been here to help build up community by ensuring that food is available to all Calgarians during difficult times. Calgary is experiencing a new normal and from our history, we know that we will need to sustain these new levels of support. No matter the crisis, the need for support is the same and that starts with food. Then conversation and information so that families can continue to thrive. Because of the community's generosity and interconnectedness, we have been able to provide 30% more emergency food hampers and support than last year.

We also carefully listened to the changing needs in our community and they said there was the need for more health and cultural content. Working with our community partners, we are now able to distribute food hampers that not only include more fresh foods but items that are cognizant of health and diversity.

We could not focus on crisis support and root cause remediation without the significant partnerships with over 185 community agencies. We share food and ideas to make us all stronger. We also use our collective knowledge to identify the root causes that prevent families from falling further behind. Ours is a group effort, in the same way that

individual Calgarians act to help their neighbours.

We are proud that we are able to reflect the spirit and focus of our entire community. Together, we fight hunger and its root causes because no one should go hungry.

James McAra  
President & CEO

## Fort McMurray

*The Largest Natural Disaster in Alberta History*

On May 3, 2016 a raging forest fire swept through the northern Alberta town of Fort McMurray forcing the largest evacuation in Alberta history, and the costliest disaster in Canadian history.

While residents continue to rebuild from the devastation the Calgary Food Bank continues to do all we can to support all those returning to their homes.

88,000 people were successfully evacuated

Who comes to the Calgary Food Bank?

# EMERGENCY HAMPERS

“My first time at the Food Bank, I was very nervous, but the staff helped me through the entire process. The staff and volunteers are extremely thoughtful and friendly. I am very thankful for the service they provide, and the compassion with which they do it. My heartfelt

thanks to everyone who donates to the Food bank. I've done so many Btimes, your generosity is helping our family at a very hard emotional and financial time.

Calgary Food Bank Client

In alignment with Canada's Food Guide recommendations, we provide those in temporary crisis with seven to ten days worth of quality nutritional food. This past fiscal year 66,041 Emergency Food

Hampers were distributed. That's 170,093 lives that were affected, alleviating the stress of wondering where their next meal was coming from and providing the fuel to help deal with their crisis.

PROG

# FOOD LINK

“We are very reliant on the Food Bank. In order to feed the volume of people who are coming to us, we are picking up from the food bank two times a day, five days a week, and it's only because of generous community support that we are able to provide

the support Calgarians need in these trying times.

Jordan Hamilton  
Manager of External Relations  
The Drop-In Centre

Food Link ensures more than 183 non-profit and charitable organizations and programs receive necessary food and supplies. We know that agencies and their clients thrive when they can focus

on meeting the needs of the community instead of sourcing food. Last year, 2,828,800 pounds of food moved through this program for Calgarians in every quadrant of the city.

# MILK PROGRAM

“Often women and children fleeing family violence and abuse arrive at the Calgary Women's Emergency Shelter hungry, being denied basic life needs and regular meals. The Food Link and Bulk Milk Program

allows us to remove any restrictions to food and provide nutritious meals to our clients.

Calgary Women's  
Emergency Shelter

59,328 litres of healthy, nutritious milk and 2,710 cans of infant formula were provided to 1,688 mothers and 4,169 children 18 years of age and younger through the Childrens Milk Program building strong bones and minds.

There are 15 agencies in the Bulk Milk Program, including Calgary Women's Emergency Shelter, Inn from the Cold, Discovery House, Louise Dean, Metis Calgary Parent Link, Salvation Army and YWCA Sheriff King Home, who

received 23,758 litres of milk to pre-school aged children and/or pregnant & nursing women in educational, group, or support programs.

# WEEKENDS AND MORE

“The expressions of joy and excitement on their faces makes my heart melt each Friday. Weekends, long weekends and holidays were always our saddest times wondering what our children had available to them. Thank you, thank

you! This program has impacted our students in their daily lives and our school has been able to reach out and assist our little ones in ways I never thought would be feasible!

Participating School

Our new program to help students who are food insecure on the weekends, when they have no access to school breakfasts or

lunches. During the 2015-2016 school year nine schools across the city received 4,600 child-friendly hampers. Teachers

tell us 219 students are now thriving academically and socially because they have the nutrition to learn and lead.

# SPECIALTY HAMPERS

“The person I spoke with to request an emergency food hamper was knowledgeable and professional. He treated me with the utmost respect. When I arrived at the warehouse, the lineup moved steadily which reflects on the efficiency of the organization. Being my first and hopefully only visit, I was unsure of the procedure. The staff I spoke with

was extremely pleasant, respectful and friendly. The volunteers who stocked my hamper were also very pleasant, respectful and friendly. I will forever be grateful for your assistance during this very challenging time in my life. I was treated like a person, the way we should be treated. Thank you.

Calgary Food Bank Client”

Specialty Hampers help us meet the unique circumstances, diverse health and nutritional needs of our clients. This may be for those with food allergies, specific dietary restrictions or expecting parents.

We were able to distribute 22,878 specialty hampers that ranged from celiac hampers, pantry hampers, hampers for the homeless, renal-care hampers, prenatal nutrition and infant hampers.

# FOOD RESCUE

“It's hard to imagine throwing out perfectly good food because it's too cold, but that was about to happen to about 90,000 pounds of single serve yogurt. A time and temperature check on a shipment noted the yogurt was 1/2 degree too cold and so the grocery store rejected it believing customers might assume the product had gone bad. Luckily the quick-thinking delivery driver knew the yogurt was

still perfectly good to eat and so he called us. We happily received this fantastic contribution and were able to get the yogurt into hampers the very next day. This is just one example of what happens every day at the Food Bank. We rescue viable food and ensure that it doesn't end up in the land fill.

Cindy Drummond  
Calgary Food Bank

Food Rescue (Reverse Logistics Program) is how we rescue and redirect 4,838,047 pounds of viable food directly from 434 food industry partnerships with retailers, wholesalers, producers, vendors and transportation companies, working towards a community with zero waste.

## RAMS

# HOMELESS HAMPERS

“Thanks to the Food Bank the DOAP Team is able to give out food in the community to those experiencing homelessness. The team uses the food as an engagement tool to start the conversation of what they can assist individuals with.

Providing a basic need such as food is essential to our outreach work in building rapport with those experiencing homelessness.

Our Encampment team works with people sleeping outside. Being able

to provide food to those who do not access shelters is the first step in building trust to start the conversation about how to get them into housing.

By providing homeless hampers from the Food Bank it adds to our ability to meet clients where they are at and get them to engage with us around other social issues they might be facing.

Adam Melnyk  
Outreach & Housing Location  
Manager  
Calgary Alpha House

These Hampers are distributed through our community partners and provide two to three days of food for Calgarians with inadequate shelter.

Hampers include nutritionally complete foods and ready-to-eat foods (pull-tab cans, heat and serve foods, or require only boiled water).

Food is a catalyst to supporting anyone in need and these hampers give a starting point for conversation with those in crisis.

# Financial Statements

As at and for the year ended August 31, 2016

## Independent auditors' report

To the Members of  
Calgary Inter-Faith Food Bank Society

We have audited the accompanying financial statements of Calgary Inter-Faith Food Bank Society [the "Society"], which comprise the statement of financial position as at August 31, 2016, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### Basis for qualified opinion

The Society derives revenue and incurs expenses related to food donations in-kind, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues and expenses were limited to the amounts recorded in the records of the Society and we were not able to determine whether any adjustments for unrecorded revenue or expense related to food donations in-kind might be necessary.

### Qualified opinion

In our opinion, except for the possible effects of the matter described in the basis for qualified opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Society as at August 31, 2016 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

# Notes to financial statements

## 1. Operations

The Calgary Inter-Faith Food Bank Society [the "Society"] is registered under the Societies Act of the Province of Alberta and is a registered charity under the Income Tax Act (Canada) and, as such, is exempt from income taxes and may issue tax deductible receipts to donors. The Society's function is the gathering and distribution of quality emergency food to those in need.

## 2. Summary of significant accounting policies

### [a] Basis of presentation

The financial statements have been prepared in accordance with Part III of the Chartered Professional Accountants of Canada ["CPA Canada"] Handbook - Accounting, which sets out generally accepted accounting principles ["GAAP"] for not-for-profit organizations in Canada. These financial statements have been prepared in accordance with GAAP and reflect the following significant accounting policies.

### [b] Revenue recognition

The Society follows the deferral method of accounting for contributions, which includes grants and donations. Unrestricted contributions are recorded as revenue when they are received or receivable if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are initially deferred and then recognized as revenue in the year the related expenses are incurred. Donated property, plant and equipment and contributions received for the purchase of property, plant and equipment are initially deferred and recognized as revenue on the same basis as the related amortization expense.

Food donations received in kind are not recorded as revenue until they are distributed as there is no ability to estimate the value of perishable products until the date of distribution. Revenue measurement is at estimated fair market value at the date the donation is made. Food and non-food in-kind donations without a fair value assigned by the donor are recorded at \$2.00 and \$1.00 per pound, respectively based on average historical cost.

Investment income, which consists of interest, dividends, income distributions from pooled funds and realized and unrealized gains and losses, are recognized in the statement of operations.

### [c] Cash and cash equivalents

Cash and cash equivalents consist of cash on deposit and short-term investments with a maturity of approximately three months or less from the date of purchase.

### [d] Property, plant and equipment

Purchased property, plant and equipment are recorded at cost. Contributed property, plant and equipment are recorded at fair value at the date of the contribution. Amortization calculated using the straight-line method over the assets' estimated useful lives, as follows:

#### Tangible

Building	5-25 years
Automotive	6 years
Computer equipment	3 years
Telephone system	10 years
Equipment	5- 10 years
Furniture and fixtures	10 years

#### Intangible

Computer software	3 years
Network upgrade	5 years
Communication portal	3 years
Network security	5 years

### [e] Financial instruments

Investments in pooled funds, equities and fixed income securities traded in an active market are recorded at their fair value. Transactions are recorded on a trade date basis and transaction costs are expensed as incurred.

Other financial instruments, including accounts receivable and accounts payable and accrued liabilities, are initially recorded at their fair value and are subsequently measured at amortized cost, net of any provisions for impairment.

### [f] Contributed Services

The work of the Society is dependent on the voluntary services of many members and others. Since these services are not normally purchased by the Society and because of the difficulty of determining their fair value, these voluntary services are not recognized in these financial statements.

### [g] Allocation of expenses

The costs of each function include the costs of personnel and other expenses that are directly related to the function. General support and other costs are not allocated.

## 3. Investments

Investments, all of which are recorded at fair value, have an asset mix as follows:

	2016	2015
	\$	\$
Cash held by investment managers	14,511	105,381
Fixed income securities	1,360,549	1,358,111
Mutual funds	1,066,140	836,805
Canadian equities	361,081	178,801
Foreign equities	62,780	52,080
US equities	9,137	3,485
<b>Total investments</b>	<b>2,874,198</b>	<b>2,534,663</b>
Less: Short term investments	(1,990,129)	(1,983,100)
<b>Total Long term investments</b>	<b>884,069</b>	<b>551,563</b>

Investments in pooled funds have been allocated among the asset classes based on the underlying investments held in the pooled funds. The fixed income investments had effective interest rates in 2016 ranging from 1.46% to 2.95% with maturity dates ranging from 1 month to 53 months [2015-1 .76% to 2.95%].

#### 4. Property, plant and equipment

	2016		2015	
	Cost	Accumulated amortization	Net book value	Net book value
	\$	\$	\$	\$

#### 5. Deferred operating contributions

Deferred operating contributions represent unspent externally restricted donations and grants. Changes in the deferred operating contributions balance are as follows:

	2016	2015
	\$	\$
<b>Balance, beginning of year</b>	<b>351,423</b>	15,368
Donations received for food purchases	71,097	427,532
Other externally restricted donations received	67,721	-
Amount recognized as revenue during the year	(321,933)	(91,477)
<b>Balance, end of year</b>	<b>168,308</b>	<b>351,423</b>

#### 6. Deferred capital contributions

Deferred capital contributions represent the unamortized amount of contributions received for the purchase of property, plant and equipment. The amortization of deferred capital contributions begins when the associated property, plant and equipment are put into use, and amortization is recorded in the statement of operations.

Changes in the deferred capital contributions balance are as follows:

	2016	2015
	\$	\$
<b>Balance, beginning of year</b>	<b>115,101</b>	167,754
Contributions externally restricted for purchase of property, plant and equipment	498,966	5,700
Amortization of deferred capital contributions	(29,635)	(58,353)
<b>Balance, end of year</b>	<b>584,432</b>	<b>115,101</b>

The total unspent externally restricted capital contributions is \$497,964 as at August 31, 2016 [2015 - \$16,497].

#### 7. Internally restricted net assets

The Board of Directors [the "Board"] has established a Legacy Fund, the principal amount of which is reserved for the future benefit of the Society and may be drawn down only with the approval of the Board. Annual investment income earned on this fund, amounting to \$13,977 in fiscal 2016 (2015- \$17,254) has been included in investment income in the statement of operations and transferred into the Legacy Fund.

The Capital Replacement Reserve represents management's recognition that the future capital replacement cost of the Society's property, plant and equipment, will exceed their historic cost recorded and amortized in these financial statements. An amount of \$500,000 has been approved to be recorded.

Investment in property, plant and equipment represents the amount the Society has invested of its own funds in these assets. The amount is calculated as the net book value of property, plant and equipment less amounts financed through capital contributions.

Internally restricted net assets consist of the following:

	2016	2015
	\$	\$
Legacy Fund	1,024,847	951,310
Capital Replacement Reserve	500,000	500,000
Investment in property, plant and equipment	5,420,658	5,633,608
<b>Total internally restricted</b>	<b>6,945,505</b>	<b>7,084,918</b>

## 8. Operating costs

	2016	2015
	\$	\$
Salaries and benefits	2,898,368	3,096,801
Occupancy	229,374	242,167
Vehicle and transportation	214,321	174,717
Other	443,274	378,073
	<b>3,785,337</b>	<b>3,891,758</b>

## 9. Food donations-in-kind

The food donations are valued at an average price per pound of \$2.00. In 2016, management estimates that approximately 13.5 million pounds of food were received and distributed [2015 - 13.9 million pounds at \$1.98 per pound].

## 10. Net change in non-cash working capital balances

	2016	2015
	\$	\$
Decrease (increase) in accounts receivable	(10,923)	15,590
Increase in prepaid expenses and other assets	(43,060)	(126,976)
Decrease in accounts payable and accrued liabilities	(56,889)	(22,220)
Increase (decrease) in deferred operating contributions	(183,115)	336,055
	<b>(293,987)</b>	<b>202,449</b>

## 11. Financial instruments

The Society is exposed to various financial risks through transactions in financial instruments.

### Credit Risk

The organization is exposed to credit risk in connection with its accounts receivable and its investments because of the risk that one party to the financial instrument may cause a financial loss for the other party by failing to discharge an obligation. As at August 31, 2016, the accounts receivable balance includes \$12,878 outstanding from Moneris and \$39,747 due from the Canada Revenue Agency [2015 - \$24,862 from Canada Revenue Agency]. No allowance for doubtful accounts has been recorded.

### Other Price Risk

The Society is exposed to other price risk through changes in market prices, other than changes arising from interest rate or currency risk in connection with investments in equity securities and pooled funds.

Together we fight hunger and its root causes because no one should go hungry.

COMMUNITY OWNED. COMMUNITY SUPPORTED.
